Thomas Pools
2980 Old Cleveland Road
Capalaba QLD 4157

Dear Carmel and Brian

Karen and I wish to express our complete satisfaction with the construction and completion of our pool. The finished product is something we are proud to own and show off to visitors.

We would like to commend all involved at Thomas Pools for the professional service provided during the construction of the pool. The communication during the process of all aspects to do with construction, certainly gave us confidence that we had chosen the right firm to do the job.

I would also ask if you could pass on our thanks to Paul for the assistance and service he provided during the handover this morning.

Once again thank you and we wish you both continued success in the growth of Thomas Pools.

Yours faithfully

Geoff Foster
