Pricing is not everything when looking for a good pool builder as you will see when you are looking around as there are one to many mobs out there who want your business.

It has been little over a month since we have had our pool which was built by Thomas Pools - Brian Farrall.

The initial teething problems associated with anything new were very well handled by Annette & Brian/Carmel who went out of their way to see that our pool met with our satisfaction.

Brian & his team were professional in their working & everything was fulfilled in their contract.

We wish them all the very best & are happy to recommend Thomas Pools to any would be pool buyers.

Thankyou Brian for a job well accomplished !!!

Yours truly,

A handwritten signature in black ink, appearing to read 'M Noronha' followed by a stylized 'MN' monogram.
